① On-site building? → Mr. A. said the remaining portions of the bldg. foundation were torn down & left on the property about 20 yrs. ago.

② Wetlands on site? → SMC Martin surveyed the wetlands inside in 1988-1989 & made wetlands map. Mr. A. said there are about 2 acres of wetlands on site.

③ Mr. Auckland's use of property? → Mr. Auckland used on-site red brick garage in early 80s for 5-6 yrs. Church has rented the garage for about 3-4 years. Mr. Auckland leased it for 5-6 yrs. before that.
